

Beige, embossed film made from a polyurethane polymer blend, with a net interleave, waterproof, breathable and highly conformable ideal for first aid dressings and adhesive bandages

PBA 50 is a beige, embossed film made from a polyurethane polymer blend, supplied with a net interleave. PBA 50 is waterproof, breathable and highly conformable making an ideal substrate for first aid dressings and adhesive bandages.

### Typical Properties

Property	Typical Value
Thickness (Micron)	90
Weight (g/m <sup>2</sup> )	50
Tensile Strength MD (gf/cm)	1000
Tensile Strength TD (gf/cm)	350
Nominal Length at max width (lm)	1500
Maximum Width (mm)	1220
Carrier	supplied with a net interleave
MVTR, upright (g/m <sup>2</sup> per 24hrs @37°C)	1200
Minimum Width (mm)	200
Elongation at break, MD (%)	300
Elongation at break, TD (%)	300

Product Information correct as of 27th April 2015
